I am a graduate of Cumberland Valley High School and Purdue Global University with a degree in Business Management. I've lived most of my life in the area and the school district. My experience includes working with nonprofits such as Safe Harbour, First Night Carlisle, Central Pennsylvania Youth Ballet and Pink Heals. I am also President of After The Darkness Ninja Angels that assists families affected by suicide. I volunteered with BackYard Benefits and Central Pennsylvania Animal Alliance.

I am currently a Senior Project Manager for a healthcare company and have been in leadership roles throughout my career. I've held positions that included Human Resources, bookkeeping, customer service and operations. This has provided me opportunities to learn and grow my abilities as well as others. I always promote diversity, inclusion and mental health concerns.

I am also a small business owner located in Carlisle. My husband and I have lived in Middlesex Township for almost 12 years and Hampden Township for 5 years. I grew up in Hampden Township and attended Sporting Hill Elementary, Good Hope Middle School and Cumberland Valley High School.

I believe with my experience and knowledge of the area and school district I could be an asset to the board.

As community partners with leadership that gets things done, we can build a better school district for a better tomorrow. I am a leader who listens to the concerns of the people to create needful change and serve as an advocate for a growing global community in our school district. I am a candidate to advance academic excellence.

I have been a part of the Cumberland community for a long time. My husband, daughter and I have an interest in bringing a positive change to our school system incorporating the needs of all stakeholders into our decision-making to ensure no child is left behind. I would like to contribute to the growth process of the area by running for the office of the board director for the Cumberland School district representing Silver Spring Township.

I have a bachelor's degree in Nursing from Grand Canyon University. I am a Registered Nurse with over 20 years of nursing experience. Also, my husband and I run a successful home health business serving the healthcare needs of the people in Cumberland County and several others. I am really looking forward to the opportunity to serve my community.
