

PA DEMOCRATIC STATE COMMITTEE MEMBER

The Pennsylvania Democratic State Committee (PADSC) is the governing body of the Pennsylvania Democratic Party. Founded in 1792, the PADSC is charged with steering the direction of your party and organizing for Democrats across the ballot!

PADSC members, who are elected to four-year terms, meet in full three times each year. PADSC members elect party leadership, hold nominating conventions, pass and promote a party platform, and help lead organizing efforts all across the commonwealth.

MEN STATE COMMITTEE MEMBER CANDIDATES (VOTE FOR 2)

JL Bruner

I am an incumbent State Committeeman. My two Caucuses are Rural and Seniors.

Rural Caucus promotes the preservation of farmland, stem warehouse blight, and promotes Get Out The Vote.

Senior Caucus is promoting Senior living facilities in Pennsylvania. Pennsylvania is one of the best places in the country to retire. No tax on retirement income.

Please support my bid for State Committee.

Donald Dissinger

The Pennsylvania Democratic State Committee (PADSC) is the governing body of the Pennsylvania Democratic Party and is charged with steering the direction of the party as well as organizing Democrats across the ballot.

As such, my intent is to bring the full range of tools and benefits of PADEMS to Cumberland County while serving as the conduit for our County citizens to make their voices heard in Harrisburg.

I will guide and promote the party platform by organizing and supporting the Area Leaders and Precinct Committee People and volunteers throughout Cumberland County with a focus on developing a robust, responsive, energetic Committee that includes neighborhood volunteers, Block Captains, the Precinct Committee Person, and Area Leaders as well as an Executive Committee that seeks to elect Democrats to all positions from Federal, State, County to local offices, school boards, Judges of Elections, and Inspectors of Elections.

Thomas E. Fink

Tom is a recently semi-retired psychologist who also is the current co-chair of the Camp Hill Democrats. As a life-long Democrat and now a resident of Cumberland County, I have worked in my community to promote democratic and humanistic values. I have multiple non-political interests, but because of the threats to democracy we recently have

experienced as a state and nation I feel compelled to become involved in the political effort to save our democracy. Support me and I will work actively to create a more proactive and effective State Committee.

I will support and advocate for a more proactive approach to educating the voting public about what is occurring, as well as supporting our candidates and elected officials, and communicating with and empowering our local Democratic organizations. I also want to see a more serious effort on the part of PA State Democrats to aggressively confront the pressing existential crisis of our planet, global warming.

Sean Quinlan

Attorney Quinlan has lived in Cumberland County since 1997. He made his life here with his wife Marsha and two sons, Jimmy and Michael.

He has a lengthy history of public service including 9 years of prosecution for the York County DA's Office and the Bureau of Professional and Occupational Affairs. A lifelong Democrat, in 2004, he ran for State Senate against Pat Vance. In 2018, he ran for the State House of Representatives against Greg Rothman. In 2019, he ran for District Attorney here in Cumberland County against Skip Ebert and again for State Representative in 2020.

He has proudly served on State Committee on an interim basis and looks forward to continuing to serve his party and community in that capacity going forward.
